***

Appointments to the vacancies of Labour School Teachers' posts are being made at present by selection of candidates from the waiting list maintained in this office according to the order of priority. According to the exisiting rules a candidate who is above 30 years of age is unfit for appointment as Labour School Teacher. There are some hard cases of candidates in the waiting list who have been waiting for appointment for years together and whose names have to be deleted from the list on completion of 30 years of age because they cannot get any chance of appointment for want of vacancies. In the circumstances the cases of such candidates diserve special consideration.

Recently the District Harijan Welfare Officer has appointed three candiates of the type mentioned above whose names are given below for information and who will complete 30 years of age shortly giving them preference over others.

1. Godi Surya Rao, Harijan, Higher Elementary Grade.
2. Y.Namberumal, Harijan, Higher Elementary Grade, son of a retired
3. Ambati Narayudu, Harijan, (Labour School Teacher.
   Higher Elementary Grade.

In the circumstances, I solicit instructions whether such preference can be given in special cases of tyc type mentioned above. If, however,

the action of the District Harijan Welfare Officer is considered to be not in order, the three candidates mentioned above will be ousted from service. I solicit early instructions in the matter.

The candidates on the waiting list who have been superseeded by the appointment of the three Harijan teachers are also harijans. The particulars called for regarding the candidates are given in the statement enclosed.

The three candidates appointed viz. 1. Ambatti Narayudu, 2. Godi Surya Rao and 3. Y.Nambarumal completed the prescribed age of 30 years by 8-6-49, 2-7-49, 9-9-49 respectively. Among them Y.Namberumal is the son of a retired labour school teacher who has put in nearly 20 years of service and has retired without pension or gratuity. In the circumstances the candidates were given preference in appointment as special cases. If in special cases as these discretion is not used many candidates will have no chances.

Sub:- Harijan Welfare Department - Education - Elementary - Labour School Teachers - Appointment - Deviation from the order of the waiting list - remarks.

Ref:- Government Telephonic Message dated 11-8-1949.

***

The Collectors of the District, who were consulted in the matter have sent their replies. It is observed from their reorts that in the cases of the Labour Schools in Kurnool, Visakhapatnam and Anantapur Districts, no waiting lists are maintained in respect of applications received for appointments as Labour School Teachers. In the remaining districts, waiting lists are maintained and appointments made from those lists. The waiting lists are maintained according to convention and no orders of Government prescribing the maintenance of waiting lists is traced.

2. In the matter of appointment of Labour School Teachers, the order of preference specified in Government Order No.904 Firka Development dated 24-12-1948 has to be followed. In making appointments, candidates are selected from the waiting lists maintained in the offices of the District Harijan Welfare Officers. According to Rule 5 of the Madras Labour Subordinate (Temporary) Service Rules, Candiates (Men Teachers) who have completed 30 years of age are no eligible for appointment. When a candidate in the waiting list completes 30 years of age, his name has to be removed from the waiting list as he then becomes in-eligible for appointment. As this creates a hardship it is suggested that in vacancies arising in Harijan Welfare Schools, Candidates in the waiting list who will be just completing 30 years of age may be preferred for appointment and that, if there are two or more such candidates, the appointment shall be made from among those candidates in the order of preference laid down in the Government Order mentioned above. I request the Government to issue orders accordingly.

Sub:- HARIJAN WELFARE DEPARTMENT - Education - Elementary Labour School teachers - Appointments - Deviations from the order in the waiting list - Instructions - Requested.

Attention is solicited to the letters from the Director of Harijan Welfare at pp. 1-3 and 13 c.f.

2. The Collector of East Godavari has brought to the notice of the Government the case of 3 candidates mentioned in the C.F. who were in the waiting list of Labour School teachers and who were appointed by the Dist. Harijan Welfare Officer giving them preference over others. The Collector's contention is that but for the appointment of these teachers by giving preference to others, they would have completed their 30 years of age. According to the existing orders candidates who are above 30 years of age are not fit for appointment. The Collector has now asked for instructions whether such preference can be given in special cases of the type mentioned above or whether the three teachers should be ousted. The D.H.W. has asked for instructions in the matter.

3. Appointment of Labour School teachers to the Madras Labour Subordinate(Temporary) Service is governed by Rule 5 of the above Service Rules. In the case of teachers under reference all of them are Harijan teachers and as such are the first to be appointed under the order of preference prescribed in G.O.Ms.No.904 F.D., dated 24-11-1948. In order that they may not be age-barred it is reported that the candidates have been shown preference and appointed. By preference the Collector means that these teachers have been appointed out of their turn in the waiting list so that they may be within the age limit. By a further reference to the D.H.W. he has stated that in the case of Labour Schools in Kurnool Visakhapatnam and Anantapur Districts no waiting lists are maintained in respect of applications received for appointments as Labour School teachers and in the remaining Districts waiting lists are maintained and appointments are made from these lists. The waiting lists maintained by the Collectors seem to be a conventional ones and do not seem to be have been prescribed by Government. As the

the statutory rules for the Labour department (Temporary) Service stand at present, the Collectors are not authorised to maintain any list of teachers, through in the draft of the rules, the Commissioner of Labour proposed the maintenance of such a register. In this connection kind attention is invited to the orders of A.S. on the draft rule proposed by the Commissioner of Labour and the remarks of the D.H.W. thereon extracted at (K). Final decision on this has not yet been arried at. The Director suggests that in vacancies arising in Harijan Welfare Schools, candidates in the waiting list, who will be just completing 30 years of age may be preferred for appointment, and if there are two or more such candidates, the appointment may be made from among those, candidates in the order of preference laid down in the G.O. This will mean priority will be given to the candidates who are nearing 30 years, and those who are sufficiently young and who have applied for earlier will be awaiting their chnces indefinitely. This vitiates the order in which the applications are registered by the Collector. While the Directors suggestion aims at appointing people who are on the verge of 30 years, it vitally affects the interests of the other candidates who are in the waiting list. It is for orders whether in specially deserving cases of candidates who are nearing 30 years of age, he may be asked to address the Government. If so the present practice of appointing the teachers strictly in accordance with the waiting list may be adhered to. For orders.

Order incirculation above.

A draft order is submitted for consideration. This provides for the ratification of the action of the Collector in having appointed the three teachers, out of their turn.
